

## CRD Live Online Workshop: Dermal Absorption for Plant Protection & Biocidal Products in GB

UK time (approx.)	Day 1: 29 July 2026
9:30am	<b>Welcome and introduction to the day</b>
9.40am	<b>Introduction to the skin</b>
9:50am	<b>Critical aspects of Dermal Absorption Studies [1]</b> <ul style="list-style-type: none"> <li>• How to proceed when there are no data on the formulation under consideration</li> <li>• Introduction to dermal absorption studies</li> </ul>
10:40am	Break
10:55am	<b>Critical aspects of Dermal Absorption Studies [2]</b> <ul style="list-style-type: none"> <li>• Justification for excluding residues in tape strips and skin at application site</li> <li>• Variability, recovery and outliers</li> <li>• Relationship between different dilutions of the formulation</li> </ul>
12:00pm	<b>Questions and Answers Session</b>
12:15pm	Lunch
13:15pm	<b>Workshop Session 1</b> <ul style="list-style-type: none"> <li>• Worked examples using the 2017 EFSA guidance document, focussing on default values and read across between formulations</li> <li>• Interactive discussion of interpretational issues, common problems and frequent omissions</li> </ul>
14:30pm	<b>End of Day 1</b>

<b>UK time (approx.)</b>	<b>Day 2: 30 July 2026</b>
09:30am	<b>Welcome and introduction to the day</b>
09:35am	<b>Workshop Session 2</b> <ul style="list-style-type: none"> <li>• Worked examples of interpretation of absorption studies using the 2017 EFSA guidance document, focussing on <i>in-vitro</i> studies</li> <li>• Interactive discussion of interpretational issues, common problems and frequent omissions</li> </ul>
10:25am	Break
10:40am	<b>Introduction to biocidal products</b> Guidance on biocidal products and applicability of EFSA guidance on dermal absorption
10:50am	<b>Dermal absorption of PT 21 (antifouling products)</b> How to perform and interpret the results of dermal absorption studies performed on PT 21 products
11:15am	<b>Dermal absorption of anticoagulant rodenticides</b> How to evaluate studies, consider similarity of formulations, read across between different anticoagulant rodenticides and the pro-rata approach
11:45am	<b>Questions and Answers Session</b>
12:00pm	Lunch
13:00pm	<b>Biocides: case studies</b> Case studies focussing on PT 21 and anticoagulant rodenticides
13:45pm	<b>Questions and Answers Session</b>

14:00pm

**End of Day 2**

As many of the agenda items will include worked examples and/or opportunities for discussion, the timings provided are approximate. We reserve the right to amend the content if necessary.
